

New Forest Challenge

A Team Treasure Hunt is an excellent way to explore team building and encourage problem solving, within the context of an entertaining and amusing adventure.

Beaulieu's location at the centre of over one hundred and fifty square miles of unspoilt natural scenery and picturesque roads and tracks allows for the perfect canvas on which to create a highly appealing and entertaining team based adventure.

There is no better way to experience the New Forest than by going on an adventure that takes guests off road, down cycle tracks through sunlit leafy glades, created by the collapse of decaying giants and the savage strength of winter gales. Canoeing down the Beaulieu River, exploring hidden creeks and backwaters aboard one of the oldest and most natural forms of watercraft, at one with nature!

We have nearly 20 years' experience of designing Treasure Hunts that are optimised for budgets ranging from £100 per person upwards, but can grow, incorporating stand-alone land-based elements from some of our most popular events. The clues take the form of a series of obscure scavenger items and a list of creative photographs that must be taken with the supplied digital camera. Warning: The clues may be slightly ambiguous in their phrasing and our

Event management team encourages creativity (and the occasional bit of cheating!), which not only lightens the event but also actively promotes lateral thinking amongst guests.

Each team will be fully equipped to tackle the hunt with a team vehicle, walkie talkies, digital camera, local maps and guides to aid with navigation. Transportation is typically aboard 4x4 vehicles, mountain bikes, canoes – or a mixture of all three!

Included in the cost
